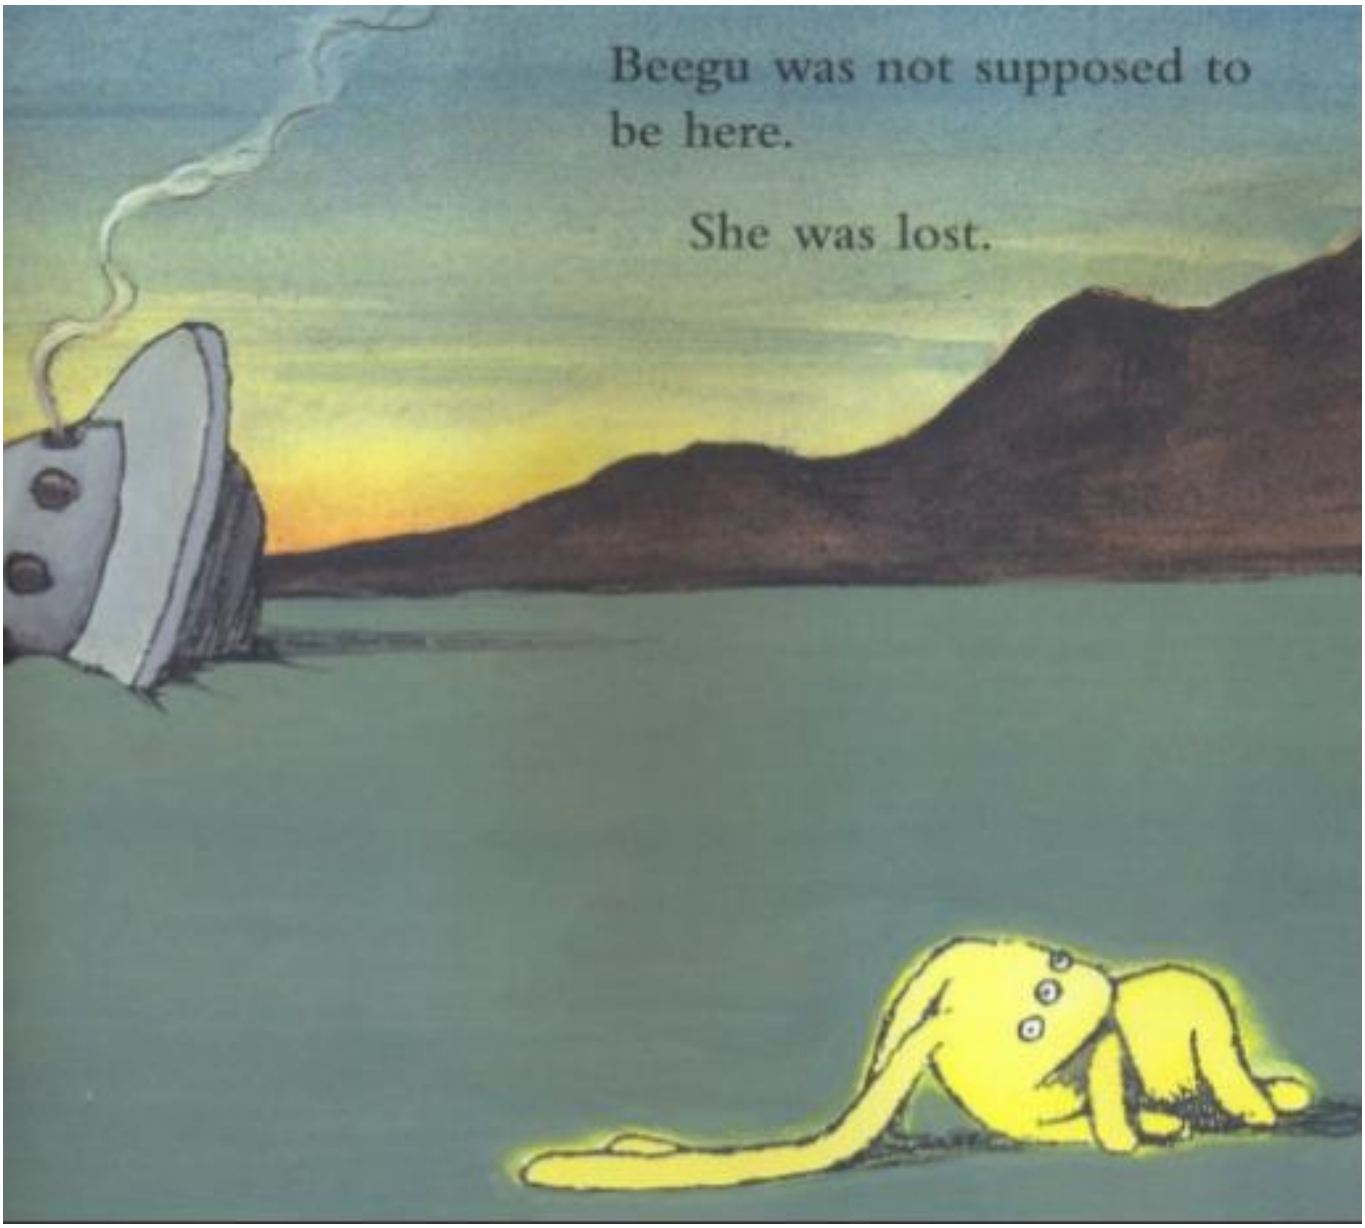
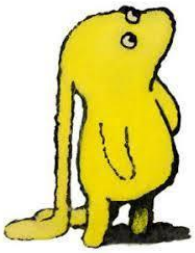
Monday 08.03.2021 **LO: I can use capital letters and full stops correctly in a sentence.**



Write down what you can see in the picture. Write one word in each box, for example, Beegu, spaceship etc.

Now use these nouns to write a sentence about what you can see.



Beegu says: "Remember to start your sentence with a capital letter and finish with a full stop."

I can see a mountain.

Now write your own sentences. Don't forget your capital letters and full stops!
