

Hello!

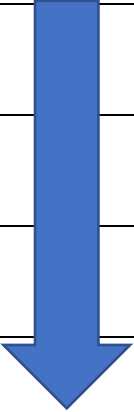

We have made some changes to the home learning during this lockdown. We are still using the Read Write Inc materials but have added some new activities and tailored the work given to match the groups we work with when everyone is in school. We will let you know which group your child is in on a Class Dojo message.

We will always start our Read Write Inc session learning a new sound or practising one we have looked at before, followed by practising reading words containing the sounds we know. Some of us are also ready to practise spelling some of the words we can read. The aim of the sessions is to be able to recognise letters and read words quickly, so we will revisit letters and words to get super confident.
