Hello!
This is Dexter Dog when he was a puppy. He is nearly seven years old now and has grown very tall.

Beagles are a **strong** hound dog who were once used for hunting. He is a small dog with short legs and soft round ears.

Beagles have a **sensitive** nose, white end to their tail and strong bodies.

PUPPIES

Puppies need a lot of looking after. They leave their mothers when they are 8 weeks of age. Once at their new homes, they need to be fed several small meals every day and lots of clean water.

Puppies have loads of energy and like to chew things!
