

Can you insert the capital letters and full stops into the writing below?

the river nile is a famous river that runs through the middle of egypt it is the longest river in africa and without it the people of egypt couldn't exist read on to find out how the River Nile helped the ancient egyptians become one of the most powerful and successful civilisations in history.

there was no such thing as money in ancient egypt so people would trade by swapping things like pottery, food, jewellery and clothing boats were used to travel up and down the nile in order to trade all of the things that they had made or grown mud from around the river nile would be used to make bricks for building
