- ***DREAMS AND GOALS CAN COME TRUE AND BECOME REAL!***
- What are your dreams and goals?

What has this flower got to do with dreams and goals?

Well, plants grow from tiny seeds, so we can imagine that our dreams and goals are seeds that we can plant now and watch them grow into the future.

TASK- Think carefully about your own dreams and goals and draw or write these dreams on the petals of their flower.

In the centre of the flower they can draw a picture of themselves and when you achieve one of your dream you can tick it off!
