

PHSE- Dreams and Goals

Today we will respect and admire people who overcome obstacles and achieve their dreams and goals (e.g. through disability)

- **Open 'PSHE pictures'**
- Look through the pictures- Is anyone in these pictures facing a challenge? Who do you think is facing the biggest challenge?
- Order the pictures 1-6 (easiest challenge to hardest challenge). Remember this is your *opinion*.
- Next, reorder the cards 1-6 to show who they think will be the most successful in facing their challenge.
- Finally, pick one of the pictures to focus on and complete Jino's instructions:

- **Introduce the person, their name and their challenge.**
- **Describe how the person feels about facing the challenge.**
- **Describe how the person achieves the challenge.**
- **Describe how the person feels when they have been successful**

© Jigsaw PSHE Ltd

A clip of an inspiring young lady, born with a rare condition. Despite her challenges she is tackling the world head on.
